Ad Text Transgender employees will get health coverage

On Tuesday the federal government ordered health insurers to include transition-related health coverage for transgender employees in their plans.

“Effective January 1, 2016, no carrier participating in the Federal Employees Health Benefits Program may have a general exclusion of services, drugs or supplies related to gender transition or ‘sex transformations,’” the new “carrier letter” said.

LGBT advocates who have been pressing the administration for change welcomed the news. “With today’s announcement, transgender federal employees can now access health care that is so fundamental to their well-being and, in the long-term, will make transgender employees happier and more productive workers,” National Center for Transgender Equality Executive Director Mara Keisling told.

Yeah, it is really happy news for transgender people! Now the discrimination on coverage for trans people will be ended.
